### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Loudon in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Loudon, on Tuesday, the thirteenth day of March, next at nine o'clock in the forenoon, to act upon the following subjects:

- 1. To choose all necessary Town Officers for the year ensuing.
- 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
- 3. To see if the town will vote to raise and appropriate the sum of \$2,600.00 for Old Age Assistance.
- 4. To see if the town will vote to allow 2% discount on all property taxes paid within thirty days after presentation of tax bills.
- 5. To see if the town will vote to instruct the Selectmen to hire money in anticipation of taxes.
- 6. To see if the town will vote to raise and appropriate the sum of \$400.00 to exterminate White Pine Blister Rust.
- 7. To see if the town will vote to have several water holes dug as a source of water for the use of the Fire Department. Exact specifications to be given by the Fire Chief and Fire Commissioners. Geographical locations, as to those dug in any one year, to be allocated by the Board of Selectmen from a listing presented them by the Fire Chief. The locations to be allocated on or before the first of June 1951. Actual construction to be in charge of the Fire Commissioners and Selectmen.
- 8. To see if the town will vote to raise and appropriate the sum of \$300.00 to pay for the installation of as many water holes as possible this year.
  - 9. To see if the town will vote to raise and appropriate

the sum of \$605.00, the town's share of necessary funds to meet the estimated deficit for 1951 of the Concord Hospital.

- 10. To see if the town will vote to raise and appropriate the sum of \$125.00 for financing local Civil Defense activities.
- 11. To see if the town will vote to raise and appropriate a sum not exceeding \$95.00 (1/100th of one per cent of the town's valuation based on the 1950 assessment) to the Merrimack Valley Region Association for the purpose of publicizing and promoting the natural advantages and resources of the town in cooperation with the 37 other communities in this region, or act in relation thereto.
- 12. To see if the town will vote to raise and appropriate the sum of \$300.00 to aid in the care of neglected lots in the following cemeteries: Loudon Ridge, Loudon Center, Moore and Mount Hope.
- 13. To see if the town will vote to tar and gravel the piece of road between the top of Clough Hill and Cochran's Corner and to provide the moneys necessary to complete the project. Estimated cost to be \$5,000.00.
- 14. To see if the town will authorize the Selectmen to tar and gravel private driveways, at their discretion, the town to be reimbursed by the benefited persons.
- 15. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this nineteenth day of February, in the year of our Lord nineteen hundred and fifty-one.

GEO. W. WAYMOUTH,
NATHAN P. SMITH,
LLOYD O. MOORE,
Selectmen of Loudon

A true copy of Warrant—Attest:

GEO. W. WAYMOUTH, NATHAN P. SMITH, LLOYD O. MOORE,

Selectmen of Loudon

### REPORT OF THE SELECTMEN

To the Townspeople of Loudon:

### I. General Conditions

A. On the surface our town seems more prosperous than in previous years. There are certain indications, however, which seem to show that all is not as well as might be. Primarily uncollected taxes of the current year's levy. For example:

On Dec. 31, 1948 uncollected taxes were 19% of current year's levy

On Dec. 31, 1949 uncollected taxes were 27% of current year's levy.

On Dec. 31, 1950 uncollected taxes were 31% of current year's levy.

It is evident that taxes are becoming an increasing burden on people.

B. There is a considerable influx of newcomers who, while residing in this town, gain their living elsewhere. There is also a growing number of residents who also earn their living outside of the town. This trend in the town's population is creating new problems in schools, roads and transportation to which our townsfolk will soon have to give attention, for they are becoming serious.

### II. Forest Fires

Our town has suffered a very serious loss during the past summer in the forest fire at Sabattus Heights. This fire, which brought crews from Gilmanton, Canterbury, Bow, Pittsfield and Barnstead, cost this town \$2,209.24 to extinguish; 50% of the cost was borne by the State. But since the State has no money except what is taken from us, we might as well consider that we are paying the bill.

In addition, the owners of the property are poorer by

the loss of their woods, and the town's income is reduced correspondingly. Please be careful of fire—a good servant, but a bad master.

### III. New Construction

A considerable portion of the road over Batchelder's Hill has been rebuilt with this year's allotment of T. R. A. funds. A portion of the road has been straightened, giving easier grades.

Due to heavy rains at the time, the new construction threatened to wash out, and inasmuch as the disturbed conditions in the Far East present a possibility of having no road oil next year, your selectmen decided to finish the oiling of the rebuilt section even if it entailed an overrun on the town's part.

Karl C. Moore very generously donated the gravel used on the road and by using the balance of the year's gas money wherever permissible, the overrun was kept down to \$967.87.

This new construction is now being used by a considerable number of people, reducing to that extent the traffic on the Twin Bridge Road to Pearl's Corner.

### IV. Civil Defense

A new element has been injected into our mode of life, that is Civil Defense. This item which during the past war was merely a war adjunct, now bids fair to become part of our continued existence and method of life. History teaches us that our forefathers used to carry on in constant danger of Indians. Today and for some time to come we also seem to be in danger of unexpected attack.

### V. School Situation

Although not within the scope of selectmen's duties, in reviewing existing conditions and presenting them for your consideration, your selectmen wish to bring to your

attention the growing seriousness of our town's school situation. The rapidly increasing number of children, the rapidly rising costs of high schools, problems of hygiene, etc., are all demanding your serious consideration.

Your selectmen consequently urge you to come to the school district meeting with open minds and try to help the school board with good suggestions.

### VI. Timber Yield Tax

The previous legislature has added a new form of tax—the timber yield tax, which is causing a very considerable extra load on your Selectmen. This law requires all prospective cutters of wood and timber—except for personal use—to file intents to cut before cutting and to pay their yield tax in due time.

Your Selectmen will have to depend to a very great extent upon the honesty of our townsfolk to comply with the law for manifestly it is impossible for Selectmen who have their own business to take care of, to patrol the town, checking on each individual who may be cutting without first reporting it.

### **BUDGET OF THE**

### Estimates of Revenue and Expenditures for the Compared

### Estimated and Actual Revenue, Appropriations and Expenditures

Mrs. Anna Hanson

We are indebted to the following for books, magazines, pamphlets and papers: Mrs. Margaret Anderson, Mrs. Jessie Cate, Mr. and Mrs. William Ortlepp, Mrs. Dorothy Downes, Mr. Carl Sinclair, Mrs. Mamie Hackett, Miss Laura Hayward, Mr. George Hayward, Mrs. Martha Hall, Mrs. Laura Jenkins, Caleb Marston, Mrs. Pauline Hill, Sara Jane Chesley, Jacqueline Buzzell, Asa Maynard, Mrs. Fred Hackett, Mrs. Grace Symonds, Mrs. Hazel Manchester, Rev. Raymond Pearl, John Cate, Elizabeth Chesley, Mr. John MacEachran of Concord, Mrs. Bertha Mulkhey, V.F.W. Auxiliary, State Board of Health, N. H. State Development Commission, Secretary of State, N. H. University, and the Editor of the Valley Times of Pittsfield.

Have you seen the "Old Church Sounding Board," the new "Webster's International Dictionary" (2nd Edition), the new "Pictorial History of the Second World War" (10 volumes), or the new rubber matting? Visit the Library and see these with other outstanding gifts that have been presented this year.

To all who have contributed to the Library in any way I extend my sincere thanks and appreciation.

Respectfully submitted,

MARGUERITE E. BUZZELL,

Librarian

#### REPORT OF THE LOUDON FIRE DEPARTMENT

Actual runs made by the department during 1950 total 46. 10 Chimneys, 8 buildings, 5 brush, 5 grass, 1 oil burner, 1 lost person, 2 automobiles, 1 misc., 7 investigations, 1 false alarm, 2 outof town buildings, 3 out of town brush.

The most serious fire in recent years, in terms of size, manpower to control, and possibilities for extended conflagration started near Epp's Mills between ten and eleven Sunday morning, May 7th. Fanning out before a strong wind it roared towards Sabattus Heights, burned several sap houses, jumped the road in several spots and caught on the Brown school house. For some little time several sets of buildings were in grave danger of destruction. Fire Departments from seven surrounding towns answered the call for assistance. Crews were still mopping up the next afternoon when a call for help at the Canterbury fire was received and response made. This meant that this department's equipment and personnel was in constant service for a period of thirty six hours.

The Fire Commissioners, for several reasons, decided that we should install some type of heating equipment at the fire station. Until the present moment the department has not owned, even a stove. Both stoves being used were loaned by interested individuals and were neither safe nor adequate. The job of Janitor was impossible to fill at the stipend of ten dollars per month — or any price. It required about three hours a day, every day. A man with that kind of time could not be found. Considerable shopping around was done with consideration given to every known type of heater. From the combination of installed cost and economy of operation it was finally decided to install oil. We were extremely fortunate in contacts with a man genuinely interested in Volunteer fire departments and thru him were able to install equipment at a great saving from quotations made by other sources.

During the late summer a group of people became actively interested in extending the fire alarm system north up route 106 from the village. The actual wire and running of same is being paid for by individual contributions from those along the route. Good fortune and foresight meant that, after the original installation of the system in the village, there were a considerable number of street boxes available from those originally bought by the Firemen's Association. The line now reaches beyond Leonard Hill's and will eventually reach Mudgett's Hill. Another group were also interested and have underwritten the cost of carrying this extension up Clough's Hill from Pearl's Corner to the Town Hall. This line is now being studied and laid out. Still another branch of this system has had its cost underwritten by those directly interested, this being down the Currier road from the old Clough Hill school. This line will be installed in due time.

When these lines are completed it will mean that Loudon will have a system covering an area larger—by far—than any place triple its size in New Hampshire or New England. It will consist of the most modern type of station equipment and approximately thirty street boxes ever ready for any eventuality.

As of July first 1950 it is a ruling of the State Board of Fire Control that no power oil burning equipment be installed without an installation permit from the Chief of the Fire Department and after being installed it must be inspected and a permit to operate issued.

The Ladies Auxiliary has been exceptionally active serving suppers, dinners and staging many social events. They have purchased more clothing for the firemen and as usual handle communications and serve hot lunches during fires.

The Fire Station has been chosen by the Director and Unit Leaders of Civilian Defense as the Headquarters for that vital service in time of trouble and disaster. The warning signal has been decided upon on a National Basis, it will be a wavering continuous siren for three minutes. This will signify that an air raid is imminent. The All Clear signal will be three long blasts with a two minute interval between blasts.

In connection with the Civilian Defense Program the Fire Department is giving its complete support. Fire Department Auxiliary Units are being organized on the Ridge, the Pleasant Street Area and the Village. These units will act not only under civilian defense directives but also at all times as supplementary forces to the regular department. In time of trouble communication is vital and a fire department mobile radio unit will move in conjunction with any defense unit for that purpose. The department's communication headquarters is also serving as the civilian defense communication and warning center.

Fire is one of our greatest hazards, let's be ever alert and careful.

J. WESTLY ROBINSON,

Chief

#### FOREST FIRE WARDEN'S REPORT

#### Forest Fire Preventlon Pays Dividends

Most forest fires are preventable because someone is responsible for them. State records for 1950 show 94% of 632 fires resulted from human perverseness and carelessness. Refusal to secure the required warden permit before burning; failure to use good judgment, lack of equipment and assistance while burning; carelessness in smoking and poorly conditioned woods equipment (trucks, tractors, etc.) resulted in a total of 6090.6 burned acres with a loss of \$63,949.10 in valuable property.

Fortunately, these human factors can be dealt with because people can be reached. This the local forest fire warden tries to do by informing his fellow citizens that

#### **EVERYONE MUST:** —

- 1. Secure a written permit to burn in or near woodlands when the ground is not covered with snow.
- 2. Use good judgment in burning and have enough equipment and assistance to keep fire under control at all times.
- 3. Be careful when smoking in or near woodlands and refrain from throwing lighted material from automobiles.
- 4. Make certain that all equipment used in the woods is in good condition.

His success depends entirely upon public reaction to his appeals. He does his part — the rest depends upon YOU and

YOUR compliance with burning requirements YOUR care with YOUR fires and YOUR smoking and YOUR care of motive equipment you use in the woods.

It all aids, materially, in reaching the desired goal, the

# PREVENTION OF FOREST FIRES — because PREVENTION PAYS DIVIDENDS!

Number of local fires — 5 Number of acres burned — 1731/4 Number of permits issued — 56

J. Westly Robinson,
Forest Fire Warden
Thos J. King,
District Fire Chief

#### REPORT OF UNION CEMETERY

The Union Cemetery Association wishes to submit its second annual report:

Total amount received	\$75.00
Cost of cutting bushes, moving and raking lots \$42.00	
Cost of removing brush, grass and leaves 10.00	
Cost of resetting stones and reseeding Fifield lot 22.66	
	74.66
Balance on hand	.34

We were again fortunate in having the services of William Mulkhey to do the work. On abandoned lots, his work continued to be of the best. He also did some work for private owners and the improvements are very noticeable.

The Association plans to improve at least one abandoned lot each year.

We cordially invite the citizens of Loudon to inspect the work done this past year.

Respectfully submitted,

HERMAN L. ANNIS,

President of the Ass'n

#### **CIVIL DEFENSE**

In accordance with State Law and instructions issued by the Governor and the State Director of Civil Defense, your Selectmen have initiated action to organize Civil Defense for the Town of Loudon.

The basic idea and purpose of Civil Defense is to train and to be prepared to take necessary relief action immediately upon the occurrence of a disaster whether caused by nature or by enemy action. To this end upon occurrence of a disaster and on order of the Selectmen or higher authority the local Civil Defense Organization shall take charge of all relief and protective measures, and are authorized to exercise the necessary controls, to requisition housing, services and material compatible with the need.

Obviously the Town of Loudon is not in itself a target for bombing attacks, but airmen have been known to miss their targets, and in this age of long range aircraft and high altitude bombing, accidental hits cannot be ruled out; in addition the world is faced with attacks by guided missiles, rockets, germ warfare, and poison chemicals. To this is added the possibility of natural disasters, fire and flood. Therefore it is wise and prudent to be prepared, not only to help ourselves, but also to help other communities which may suffer when we are spared.

In order to operate efficiently Civil Defense has been organized in units as listed below, each unit with functions as indicated.

Local Director: C. A. Brinkmann.

Warning and Communications Unit: Beatrice Robinson, Leader. Functions: Warning of impending danger of any kind, including air raid warning.

Ground Observer Unit: Herman Annis, Leader.

Functions: Reporting aircraft. Operates under directives of United States Air Force.

Refugee Unit: M. Inez Lovering, Leader.

Functions: To plan for and provide shelter, food and clothing for refugees from both outside and within the community.

Fire Fighting Unit: J. Westly Robinson, Leader.

Functions: Prevention of fire and fire fighting.

Police Unit: Wilbur Maxfield, Leader.

Functions: Maintenance of law and order, traffic control, protection of property.

Warden Services Unit: Warren M. Jenkins, Leader.

Functions: To enforce "controlled lighting regulations," including lighting of vehicles; and to plan for emergency shelters. (This unit is inactive at present pending future directives from the state.)

Engineering Unit: J. Rockwell Kenney, Leader.

Functions: Maintenance and repairs to roads, bridges, dams and public buildings. Repairs to public utilities.

Transportation Unit: Everett O. Dow, Leader.

Functions: To furnish emergency transportation.

Health and Sanitation; Medical, Nursing and First Aid Unit: Laura Hayward, R.N., Leader.

Functions: To safeguard public health and sanitation, hospitalization, care and treatment of the sick and injured.

Rescue and Evacuation Unit: William C. Chesley, Leader.

Functions: Rescue and evacuation of persons endangered by disaster of any nature.

Administrative Unit: Not operative at present.

Functions: Maintenance of files and records; public information; purchasing records and financial accounts.

#### General Information

The Federal Civil Defense Administrator has directed that only two warnings will be used, these to be uniform throughout the country:

- (1) A "Red Alert" when there is danger of imminent attack.
- (2) An "All Clear" signal.
- (a) The "Red Alert" signal will last three minutes. It will consist of warbling or fluctuating signals of varying pitch from sirens, or a series of short blasts by horns or whistles. For Loudon this signal will be sounded on the Fire Department's siren.

(b) The "All Clear" signal will be a series of three steady one minute blasts by horns, sirens or whistles, with two minute intervals of silence in between blasts. This signal also will be sounded by the Fire Department.

#### Conclusion

From time to time various regulations and directives will be issued by the Federal and State Civil Defense Directors. The Selectmen with your help intend to give wholehearted support and cooperation in all matters affecting civil defense.

As Civil Defense is for the protection of all of us, each and every resident is requested and urged to enroll in one of the civil defense units. Their effort may appear small to any one individual, but it is the sum of all our efforts that counts. To date the response has been most gratifying and the Selectmen are pleased to have this opportunity to express their appreciation.

C. A. Brinkmann, Local Director, Civil Defense

#### THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Loudon qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the Thirteenth day of March 1951, at 2:00 o'clock in the afternoon to act upon the following subjects:

- 1. To choose a Moderator for the coming year.
- 2. To choose a Clerk for the ensuing year.
- 3. To choose a Member of the School Board for the ensuing three years.
  - 4. To choose a Treasurer for the ensuing year.
- 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers of the district.
- 6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
- 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
- 8. To see if the district will vote to allow the School Board to apply a part of the aid received from the State toward a building fund, providing the new State Aid formula is passed by the present Legislature.
- 9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund, as amended in article 8, together with other income; the

school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

- 10. To see if the district will vote to raise and appropriate the sum of three hundred dollars (\$300.00) to drive a well at the village school.
- 11. To see if the District will vote to raise and appropriate the sum of Sixty-four Thousand Dollars (\$64,000.00) for the purpose of constructing and equipping an addition to the Village School and any other expense incidental thereto, and to authorize the School Board to issue serial notes or bonds upon the credit of the district for all or any portion of the sum so raised and appropriated, and to authorize the School Board to determine the terms and conditions upon which the notes or bonds shall be issued, including their sale, the time and place of payment and of principal and interest in accordance with the Municipal Bond statute, N. H. Revised Laws, Chapter 72 as amended by Chapter 55 in the laws of 1949.
- 12. To conduct any other business that may legally come before said meeting.

Given under our hands at said Loudon this 8th day of February 1951.

DOROTHY DOWNES, JOHN OSBORNE, EVERETT DOW,

School Board of Loudon

#### SCHOOL BOARD'S ESTIMATE FOR 1951-1952

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1951.

#### DETAILED STATEMENT OF EXPENDITURES

Support of Schools	High	Elementary	Total
Salaries of District Officers			\$214.00
Local Share of Supt's Salary			419.25
Tax for Statewide Supv			514.00

#### **AUDITORS' CERTIFICATE**

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the School District of Loudon, of which the above is a true summary for the fiscal year ending June 30, 1950 and find them correct in all respects.

GERALD B. SMITH,
ARTHUR T. ANDERSON,
Auditors

July 10, 1950

#### REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Loudon:

My annual report as your Superintendent of Schools is hereby submitted:

The school problem that is most obvious for the town of Loudon is the lack of a centralized school with the advantages of modern heating, lighting, plumbing, ventilation, playground, school lunch, visual education, industrial arts, home economics, and separate grade units.

The school enrollments of Loudon in January were as follows:

			Gra	des			
1	2	3	4	5	6	7	8
16							
						18	16
		4	3	3	6		
	22	11					
			13	11	13		
8	7	2	4	5			
		5	6	4	5		
_							_
24	29	22	26	23	24	18	16
		182					
	16 8 — 24	22 8 7 — —	16  22 11  8 7 2 5 24 29 22	1 2 3 4 16  4 3 22 11  8 7 2 4 5 6	16      4	1 2 3 4 5 6 16  4 3 3 6 22 11  13 11 13 8 7 2 4 5 5 6 4 5 24 29 22 26 23 24	1 2 3 4 5 6 7 16

It is educationally impossible for a teacher to cover the time requirements for elementary subjects with several grades in one room. The Loudon School Board improved the schools by combining grades seven and eight in one building instead of leaving them scattered in many schools. It would be excellent if the facilities were available for these pupils in shop work for boys and domestic science for girls.

The sound and successful transportation system of Loudon could transport all pupils to one central school. There seems to be excellent opportunities to secure a location with seven to ten acres of land.

The national opinion seems to be that the international crisis may last for ten years to twenty-five years. Consideration should be given to erecting a new school at the earliest possible moment.

The school budget of Loudon has been increased chiefly because of the increase in tuition rates for high school pupils attending other schools. These tuition rates are from \$225.00 to \$275.00 per pupil, in contrast with an average of \$100.00 ten years ago. The time may come when several towns will find it necessary to combine for a centralized Junior High school operated by joint school boards. It is very doubtful that any communities maintaining high schools would wish to sign a long term contract with towns without high schools, in view of the possibility of increased costs.

A new school in Loudon would raise the morale of teachers and pupils. It would be a landmark in the history of Loudon. It could be a well-planned economical school for school and community use. It could be a building to last for two generations.

I believe that the people of Loudon will erect a building to modernize education and give the children the advancements of a centralized school whenever economic conditions permit.

The new state aid program is now before the legislature. It calls for Loudon to receive \$23,841.25 per year in contrast with the \$3,560.71 received in 1950. It is possible that this amount will be reduced. It is worth consideration for Loudon to consider using any increased state aid over the normal amount for a new school. This money should be placed in a capital reserve fund for the erection of a new school when building costs justified the expenditure.

It has been a pleasure to work with the School Board of Loudon. The meetings have been devoted to improving the schools of Loudon and the opportunities of the children. The cooperation of parents, teachers and citizens has been greatly appreciated.

Respectfully submitted,

GORDON L. FOX,
Superintendent of Schools
